Terms & Conditions

1. The Deane's Discount Card (DDC) is a stored value card for use on Deane's Transit Group route service buses. It cannot be used as an EFTPOS or Credit card.
2. The minimum value that can be added to a DDC is \$10.00.
3. The DDC should be handled and stored carefully. Do not bend the DDC, place it near a magnetic field or expose it to extreme heat or cold.
4. The DDC is fully transferable and may be used by others if lost or stolen.
5. Lost or stolen DDCs should be reported to Deane's Buslines immediately so that the DDC can be disabled. Deane's Buslines takes no responsibility for the stored value remaining on a DDC not reported as missing.
6. The DDC purchase fee and any stored value remaining on the DDC are only refundable if the DDC is returned to Deane's Buslines in a working condition. Furthermore, refunds will only be issued to the original cardholder, and only upon sufficient proof of identification.
7. Deane's Buslines recommends that all receipts of validation be retained by the cardholder. It may not be possible to verify the stored value remaining on a DDC if the DDC is not available for presentation or is not in a working condition.
8. The Deane's Buslines card can be used on all Deane's Transit Group services.
